

Michaud Residential Health Services

Michaud Residential
Health Services

Part of the St. Luke Family of Caring

Offering The Highest Quality Short-Stay
Rehabilitation And Skilled Nursing Care

At Michaud you will find the services you need, the care you deserve

Michaud has been serving the greater Fulton community for nearly four decades. We pride ourselves on providing the highest quality care and services. At Michaud, our experienced team which includes community physicians, are focused on promoting the well-being, independence, dignity and quality of life of our residents.

Our interdisciplinary team of healthcare professionals works with you and your family to develop an individualized plan of treatment to ensure that each resident has their unique needs met in a caring and professional manner.

Short-Stay Rehabilitation

Short-Stay Rehabilitation serves individuals who face discharge from the hospital following a surgery or other major medical event and require care and restorative therapy before returning home.

Rehabilitation is an intensive physical, occupational and/or speech therapy program that is specialized and individualized to help our patients regain their strength, mobility and independence in a safe environment.

Our rehabilitation team is highly-trained to treat those patients who have had a stroke or other neurological condition, total joint replacement, fracture, trauma, amputation, general weakness and debilitation, or compromised cardiovascular and respiratory functioning.

The Short-Stay Rehabilitation Program provides restorative therapy services six days a week — and specialized services such as infusion therapy, enabling you to achieve your rehabilitation goals and return to your home as quickly and as safely as possible.

Residential Skilled Nursing Care

24-hour skilled nursing care is provided in a friendly and homelike environment with comfortable and familiar surroundings. Our multi-disciplinary team approach ensures services are integrated and comprehensive to maintain maximum independence and quality of life.

Services and programs include:

- > Physical, Occupational and Speech Therapy
- > Infusion Therapy
- > Dental, Optometry, Podiatry and Psychological Services
- > Social Services
- > Housekeeping and personal laundry
- > Beautician/Barber services
- > Activities to promote intellectual and creative growth
- > Trips and outings to stay in touch with our community
- > Resident Council
- > Telephone, cable television and Internet access
- > Pastoral Care

To ensure you receive the quality healthcare you deserve

Tell your hospital discharge planner or physician that you want to be referred to Michaud. We accept admissions seven days a week for your convenience. You can contact our Admission Director to answer any questions you may have, or to arrange a tour.

We can be reached at (315) 592-2009, by email at: admit@michaudhs.com or visit us online at www.michaudhs.com.

We are part of the St. Luke Family of Caring. Together, we rebuild hope, confidence and self-respect and the desire to achieve one's highest level of independence.

“The Short-Stay
Rehabilitation program
at Michaud exceeded my
expectations. Everyone helped
me accomplish my rehab goals
and return safely home.”

— *Mary F.*
Fulton, NY

“My son has been a resident
at Michaud for nearly
twenty-five years and he
receives very good care. Michaud
provides the services that my son
needs. I feel fortunate my son has
a home staffed with caring and
compassionate people.”

— *Marilyn K.*
Hannibal, NY

“I was impressed with the
excellent care my mother
received. In the end, a building is
just a building — it’s the staff’s
philosophy of care that makes
Michaud unique.”

— *Rick B.*
